# Calvary Connection Business Directory

We are excited to introduce the first edition of the Calvary Connection Business Directory for the 2024/2025 school year. We have a vision to connect businesses that are part of the Calvary Christian School family. The directory would include businesses of school families, alumni, and supporters of the school. We hope to make families aware of these businesses so that if families are looking for a service of some kind, they might consider investigating a business that is connected to the school. This directory is being distributed to our school families and posted on our school website.

The fundraising goal from the proceeds of the school business directory is for several Kindergarten playground improvements. Lord willing, we would like to raise \$20,000.00 to purchase some colourful shade awnings and fence coverings. We would also like to purchase some new stand-alone play items, as well as, to replace and add new sod in some areas of the playground. We would be very grateful for the support of businesses in blessing our Kindergarten playground initiative.
